1. Purpose

The purpose of this Policy is to ensure that necessary records and documents of the Foundation are adequately protected and maintained and to ensure that records that are no longer needed by the Foundation or are of no value are discarded at the proper time.

2. Administration

Attached as Appendix A is a Record Retention Schedule that is approved as the initial maintenance, retention and disposal schedule for physical records of the Foundation and the retention and disposal of electronic documents. The Executive Director is the officer in charge of the administration of this Policy and the implementation of processes and procedures to ensure that the Record Retention Schedule is followed. The Executive Director is also authorized to: make modifications to the Record Retention Schedule from time to time to ensure that it is in compliance with local, state and federal laws and includes the appropriate document and record categories for the Foundation; monitor local, state and federal laws affecting record retention; annually review the record retention and disposal program; and monitor compliance with this Policy.

General Principle: Most correspondence and internal memoranda should be retained for the same period as the document they pertain to or support. For instance, a letter pertaining to a particular contract would be retained as long as the contract (7 years after expiration). It is recommended that records that support a particular project be kept with the project and take on the retention time of that particular project file.

Correspondence or memoranda that do not pertain to documents having a prescribed retention period should generally be discarded sooner. These may be divided into two general categories:

1 Those pertaining to routine matters and having no significant, lasting consequences should be discarded *within two years*. Some examples include:

- Routine letters and notes that require no acknowledgment or follow-up, such as notes of appreciation, congratulations, letters of transmittal, and plans for meetings.
- Form letters that require no follow-up.
- Letters of general inquiry and replies that complete a cycle of correspondence.
- Letters or complaints requesting specific action that have no further value after changes are made or action taken (such as name or address change).
- Other letters of inconsequential subject matter or that definitely close correspondence to which no further reference will be necessary.
- Chronological correspondence files.

Please note that copies of interoffice correspondence and documents where a copy will be in the originating department file should be read and destroyed, unless that information provides reference to or direction to other documents and must be kept for project traceability.
